Carl Johnson, BHA's Director of Capital Funds, was recently deployed for two weeks to Texas working as the safety officer with CT-1 DMAT (disaster medical assistance team) responding to Hurricane Harvey. Carl was part of the DHS/HHS Federal response teams that handled missions in Dallas, Houston, and Fort Bend, Texas.

"DMATs are designed to be a rapid-response element to supplement local medical care until other Federal or contract resources can be mobilized, or the situation is resolved. DMATs deploy to disaster sites with sufficient supplies and equipment to sustain themselves for a period of 72 hours while providing medical care at a fixed or temporary medical care site. The personnel are activated for a period of two weeks."

Hi everyone,

I hope you are beginning to adjust somewhat to this cooler weather now that Autumn has arrived. I've always enjoyed taking a brisk walk in the neighborhood for my daily exercise without having to deal with humidity. "I'm better than Okay with that". I was so pleased when I attended a tenant council meeting and saw how diligently the officers worked to organize activities for their tenants. I cannot stress enough how important it is to have a council so dedicated and working as a team to make life in their community better. Many thanks to the Housing Authority for all the many improvements that have been made to all our properties. You (all) so deserve the "HIGH PERFORMER" status for all the hard work that is being performed daily by this Housing Authority. ""CONGRATULATIONS!"" If you have any ideas, comments, or suggestions please feel free to contact me at: dgodin@bristolhousing.org. You may also send correspondence to me: David Godin, 164 Jerome Ave., Bristol, CT 06010
